DESCRIPTION

The main aim of this conference is to promote, encourage, and bring together researchers in the different fields of Mathematics and Mathematics Education by providing a forum for the academic exchange of ideas and recent research works. The conference will present new results and future challenges in Mathematical Sciences, Applications and Mathematics Education. Additionally, the conference will consist of, in series of keynote lectures, contributed short talks, and poster presentations. The presentations will be given in English

HOW TO SUBMIT

Before submission authors should carefully read the Instruction for Authors, available online at: <http://dergipark.gov.tr/cpost/writing-rules>

Manuscripts should be written in LATEX.

For an initial submission, the authors are strongly advised to upload their entire manuscript, including tables and figures, as a single PDF file.

Authors are recommended to submit the final version of the paper using the journal's CPOST LATEX template.

All submissions must be made electronically via online submission system Editorial Manager (<http://dergipark.gov.tr/cpost>) and will undergo the standard peer-review process (single blind, at least two independent reviews).

Contributors will benefit from:

- fair and constructive peer review provided by experts in the field
- no space constraints
- convenient, web-based paper submission and tracking system – EditorialManager
- fast online publication upon completing the publishing process
- better visibility due to Open Access
- long-term preservation of the content (articles archived in Portico)

The deadline for submissions to the proceedings is 10 August, 2021 (publication on 15 September 2021). Individual papers will be reviewed and published online on an ongoing basis. We are looking forward to your submission!
